## LED – illuminant insert for obstruction light **OTL 80-21**

Technical data	
Туре	LED – OTL 80-21
Lamp	high performance LED aviation red
Base	base E27
Supply voltage	95-240V/AC, 50/ 60Hz, normative, other voltages also available
Power consumption	approx. 8 W
Luminous intensity effective	>10 cd red horizontal 360°, steady light
Average service life of LEDs Average service life of electronic ballast	> 100.000 hours > 50.000 hours
Over-voltage protection	integrated in LED insert
Range of temperature	- 30°C to + 60°C
Housing	aluminum with protective coating
Optics	integrated in LEDs
Degree of protection	IP 20
Dimensions (without base)	amplitude: 80mm height: 75mm / 100mm with base
Weight	approx. 0.21 kg
Mechanical stress	vibration-resistant
Specification	CE-certified, approved by the German Federal Ministry of Transport for LED-insert OTL 80-21
Design	one-level
Accessories	- alarm relay and changeover relay

The required supply voltage has to be stated when ordering.

> The LED insert is also available with external electronic ballast.
